# **Broiler Farm Worker**

**CURRICULUM / SYLLABUS** 

This program is aimed at training candidates for the job of a "<u>Broiler Farm Worker</u>", in the "<u>Agriculture &</u> <u>Allied</u>" Sector/Industry and aims at building the following key competencies amongst the learner

Program Name	Broiler Farm Worker		
Qualification Pack Name & Reference ID. ID	AGR/Q4302, v1.0		
Version No.	1.0	Version Update Date	
Pre-requisites to Training	No entry level barrier		
Training Outcomes	<ul> <li>Prepare Broile construction o</li> <li>Carry out the brooding man</li> <li>Carry out the management,</li> </ul>	<ul> <li>Carry out the processing management of chicks,</li> <li>Carry out the routine work in shed: Handling &amp; caring, health management, vaccination etc</li> <li>Maintain health and safety: Clean and disinfect the shed, hygiene</li> </ul>	

This course encompasses <u>6</u> out of <u>6</u> National Occupational Standards (NOS) of "<u>Broiler Farm Worker</u>" Qualification Pack issued by "<u>Agriculture Skill Council of India</u>".

Sr. No.	Module	Key Learning Outcomes	Equipment Required
1	Introduction Theory Duration (hh:mm) 5:00 Practical Duration (hh:mm) 0:00 Corresponding NOS Code	<ul> <li>Understand General Discipline in the class room (Do's &amp; Don'ts)</li> <li>Understand Role of a Poultry Farm Worker</li> <li>Understand the Broiler Farming</li> <li>Poultry Breeds – Broiler Farming</li> <li>Learn and Practice Basic skills of communication</li> <li>Learn and Practice Basic reading capabilities to enable reading of signs, notices and/or cautions at site.</li> </ul>	Laptop, white board, marker, projector
2	Understand Work requirements Theory Duration (hh:mm) 10:00 Practical Duration (hh:mm) 10:00 Corresponding NOS Code AGR/N4306	<ul> <li>Understand the location of the farm and it's connectivity</li> <li>Understand the resource requirements</li> <li>Understand the frequency of resource requirements</li> <li>Understand and follow the caring and handling of chicks</li> <li>Understand the mortality of the chicks/birds</li> <li>Understand and Perform culling</li> <li>Understand the importance of bio security – Movement of people, workers in the shed, buyers entering into shed etc</li> </ul>	Laptop, white board, marker, projector,
3	Prepare Broiler shed for placement of chicks Theory Duration (hh:mm) 15:00 Practical Duration (hh:mm) 30:00 Corresponding NOS Code AGR/ N4307	<ul> <li>Prepare the shed for the placement of chicks – ventilation opening, feeder, water, moisture level, dust,</li> <li>Clean, disinfect, sanitize and fumigate the tools/ equipments and shed</li> <li>Understand and maintain the comfort environment for chicks- adequate light, heat, clean water, feed</li> <li>Understand and create the Footbath at the entrance (Chemicals/ disinfectants)</li> </ul>	Laptop, white board, marker, projector, chemicals, disinfectants
4	Carry out Brooding Management Theory Duration (hh:mm) 15:00 Practical Duration	<ul> <li>Understand the handling of chicks</li> <li>Understand and maintain the proper environment in brooding house</li> <li>Maintain the record</li> </ul>	Laptop, white board, marker, projector

Transform	ing the skill landscape

Sr. No.	Module	Key Learning Outcomes	Equipment Required
	(hh:mm) 25:00 Corresponding NOS Code AGR/N4302		
5	Health Management of Chicks Theory Duration (hh:mm) 15:00 Practical Duration (hh:mm) 15:00 Corresponding NOS Code AGR/N4304	<ul> <li>Understand the Feed requirement of chicks, birds</li> <li>Follow the feed chart</li> <li>Provide the balanced feed</li> <li>Understand and practice the waste minimization</li> <li>Understand and maintain the proper Feed Conversion Ratio</li> <li>Understand the different types of vaccines and time period</li> <li>Understand the diseases and management</li> <li>Record the weight of the birds at regular interval</li> </ul>	Laptop, white board, marker, projector, Vaccines, Balanced Feed Chart, Record book
6	Maintain farm equipments, buildings and environment Theory Duration (hh:mm) 15:00 Practical Duration (hh:mm) 15:00 Corresponding NOS Code AGR/N4303	<ul> <li>Observe and inspect the farm equipments</li> <li>Clean and disinfect the loos/ implements</li> <li>Check the tools/ equipments</li> <li>Check the infrastructure</li> <li>Clean and disinfect the farm environment</li> <li>Ensure proper temperature level, light intensity, moisture level, ventilation etc</li> <li>Maintain the lesser mortality</li> <li>Preserve the dead birds for examination</li> <li>Perform the proper method for Disposal of dead birds</li> <li>Dispose the litter material after the batch is over</li> </ul>	Laptop, white board, marker, projector, Sprayer, disinfectants
7	Maintain Personal Health and safety Theory Duration (hh:mm) 10:00 Practical Duration (hh:mm) 10:00 Corresponding NOS Code AGR/N4311	<ul> <li>is over</li> <li>Maintain a clean &amp; efficient workplace</li> <li>Render appropriate emergency procedures</li> <li>Report to supervisor at regular time intervals</li> <li>Practice General safety and first aid</li> </ul>	Laptop, white board, marker, projector, first aid kit
	Total Duration:	<b>Unique Equipment Required:</b> Laptop, white board, marker, projector, che poultry shed, feeder, waterer, first aid kit	emicals, disinfectants,

Sr. No.	Module	Key Learning Outcomes	Equipment Required
	Theory Duration		
	(hh:mm)		
	85:00		
	Practical Duration (hh:mm) 105:00		

Grand Total Course Duration: 190 Hours, 0 Minutes

(This syllabus/ curriculum has been approved by <u>Agriculture Skill Council of India)</u>

#### Trainer Prerequisites for Job role: <u>"Broiler Farm Worker" mapped to Qualification Pack:</u> <u>"AGR/Q4302, v1.0"</u>

Sr. No.	Area	Details			
1	Description	Trainer is responsible for educating the trainees - preparing the poultry farm for placement of chicks, carry out their feed; water; litter; brooding and health management to raise broiler chicks according to market's standards			
2	Personal Attributes	Trainer should be Subject matter Expert. He/ she should have good communication, leadership, observation and practical oriented skills			
3	Minimum Educational Qualifications	Diploma in Veterinary Science/Animal Husbandry/Poultry			
4a	Domain Certification	Certified for Job Role: " <u>Broiler Farm Worker</u> " mapped to QP: <u>"AGR/Q4302, v1.0"</u> . Minimum accepted score is 80%			
4b	Platform Certification	Certified for the Job Role: "Trainer", mapped to the Qualification Pack: "MEP/Q0102". Minimum accepted score is 80%			
5	Experience	<ul> <li>M V Sc</li> <li>M Sc (Animal Science)</li> <li>B. V. Sc.</li> <li>B. Sc. Agriculture with 2 years of relevant work experience</li> <li>B.Sc. with 3 years of relevant work experience</li> <li>Diploma in Veterinary Sciences /Animal Husbandry / Poultry) with 5 years of relevant work experience</li> </ul>			

#### Annexure: Assessment Criteria

Assessment Criteria	
Job Role	Broiler Farm Worker
Qualification Pack	AGR/Q4302, v1.0
Sector Skill Council	Agriculture

Sr.	Guidelines for Assessment
No.	
1	Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each PC.
2	The assessment for the theory part will be based on knowledge bank of questions created by the SSC.
3	Assessment will be conducted for all compulsory NOS, and where applicable, on the selected elective/option NOS/set of NOS
4	Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training center (as per assessment criteria below).
4	Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/training center based on this criterion.
5	To pass the Qualification Pack , every trainee should score a minimum of 50% of aggregate marks to successfully clear the assessment.
6	In case of <i>unsuccessful completion</i> , the trainee may seek reassessment on the Qualification Pack.

_		Total		Marks Alloo	ation
Assessment outcomes	Assessment Criteria for outcomes	Marks (300)	Out Of	Theory	Skills Practical
1.AGR/N4306	PC1. understand the site selection criterion for poultry shed				
Understand	and its design specifications from the poultry farm				
work	supervisor		3	1	2
requirements	PC2. understand what size and type of plot will provide			_	
	ample light and aeration for quality poultry farming		3	1	2
	PC3. understand poultry farm location with respect to road,				
	residence, nearby poultry / animal / bird farm, market and		2	2	-
	available veterinary services of the area		3	2	1
	PC4. understand the orientation of the poultry farm with				
	respect to sunlight, its water requirements, height of roof,		2	2	1
	roofing material required for insulation in different seasons		3	2	1
	PC5. understand about type of vegetation required in the poultry farm and at what distance.		3	1	2
	PC6. understand the requirements of different resources		J	I	2
	like broiler chicks, feed, equipments, man power, water,				
	litter material etc to get quality broiler chicks		4	1	3
	PC7. understand the requirements of equipments for broiler		T	1	5
	farming like				
	brooders, chick guards, various kinds of feeder & drinker,				
	oven for heat generation etc.		4	1	3
	PC8. estimate the quantity requirement of each resource to		· · ·		
	raise set number of broilers		6	2	4
	PC9. prepare the final list of resources required along with				
	their quantity in consultation with poultry farm supervisor		6	0	6
	PC10. understand all the requirements for setting up a				
	poultry farm as per standards		4	2	2
	PC11. estimate all the required resources correctly for				
	raising broiler chicks		3	1	2
	PC12. ensure availability of quantity of material with the				
	help of poultry farm supervisor for achieving quantity target				
	of broiler production	45	3	1	2
			45	15	30
2.AGR/N4307	PC1. clean empty rooms, sheds and its surrounding area				
Prepare	thoroughly between flocks after removing any visible				
broiler shed	manure and dirt		3	0	3
for placement	PC2. clean all chick guards, feeding and watering				
of chicks	equipment		3	0	3
	PC3. clean all the ventilation openings and ensure they are				
	unobstructed		3	0	3
	PC4. clear moisture, dust and ammonia levels by using fans				
	and oven		3	1	2
	PC5. disinfect empty rooms thoroughly by fumigation /		_		_
	spray as per supervisor's instruction		4	0	4
	PC6. disinfect sheds thoroughly after covering it with plastic				
	sheet and fumigating / spraying as per supervisor's	75	, ,		A
	instruction	75	4	0	4

N-5-D-C National Skill Development Corporation

			r		
	PC7. disinfect all the equipments thoroughly		4	1	3
	PC8. clean and disinfect water tanks and equipment		4	1	3
	PC9. clean and disinfect the incoming water through				
	chlorination and filtration before being distributed to				
	different working areas		4	1	3
	PC10. ensure sanitary dry out procedure as directed by the				
	supervisor prior to chick placement		2	2	0
	PC11. arrange chick guard in a circular manner and fill with		_	4	-
	bedding material for day old chicks (DOC)		3	1	2
	PC12. spread the litter materials (wood shavings, chopped straw etc) evenly		2	0	r
	PC13. ensure adequate light and heat in the area to make		2	0	2
	the place warm				
			_		
	Appropriately	–	2	2	0
	PC14. ensure that chicks are protected physically from			~	~
	predators PC15 onsure that chicks don't have access to poisons like		2	2	0
	PC15. ensure that chicks don't have access to poisons like pesticides or unused medications located in the poultry				
	farm		2	2	0
	PC16. ensure that adequate clean water at room		~	۷	0
	temperature is available for the chicks		2	2	0
	PC17. provide fresh, dust free feed in flat pans, trays or				
	paper sheeting in the brooder area to ensure chicks easy				
	access to it		3	1	2
	PC18. ensure seasonal management of the internal				
	environment of the poultry farm by using proper insulation				
	/ opening the sides of the farm		2	2	0
	PC19. report problems related to creation of chick friendly			-	~
	environment to farm supervisor in a timely manner	–	3	3	0
	PC20. ensure correct exposure to target areas to fumigation		1	1	0
	PC21. use correct dosages of fumigation to disinfect the				
	area		5	3	2
	PC22. dispose of unused fumigation medicine and plastic			~	-
	sheets in environmental friendly way		2	0	2
	PC23. use chemicals for disinfection without getting the ill			<b>`</b>	^
	effects of exposure PC24. store fumigants and pesticides at one place away	-	3	3	0
	from the brooding area		2	2	0
	PC25. ensure harmless, soft, fibrous, moisture absorbing		<u> </u>	Ζ	0
	suitable litter material		1	1	0
	PC26. ensure conditions of litter like wet, dry etc. according				0
	to weather conditions		1	1	0
	PC27. ensure hygiene and quantity of litter material along				<b>U</b>
	with stirring/raking processes		2	2	0
	PC28. create good cozy environment for incoming one day				
	old chicks		3	1	2
			75	35	40
3.AGR/N4308	PC1. ensure room and shed is adequately warmed			2	0
Carry out	PC1. ensure room and sned is adequately warmed PC2. counting and sorting the quality DOC and releasing in	-	2	۷	0
brooding	brooder		3	0	3
management	PC3. provide water and feed periodically as per supervisor's			0	
	instruction	45	3	2	1
		15	5	2	

PC4. ensure adequate care and monitoring at frequent interval		3	3	0
PC5. remove littered bedding material (news paper) and alert chicks periodically	-	3	0	3
PC6. ensure that blade to be used for debeaking is clean,	-			
		2	2	1
	-	3	2	1
by supervisor		5	2	3
PC8. ensure that no damage is caused to nostrils and other organs during this process		3	2	1
PC9. observe the debeaked chicks for behavioural abnormalities	-	3	3	0
PC10. ensure uniform temperature throughout the brooding area	-	3		2
PC11. ensure clean and disinfected atmosphere in the	-			2
PC12. ensure harmless, soft, fibrous, moisture absorbing	-			2
PC13. ensure conditions of litter like wet, dry etc. According	-			
	-	3	2	1
along with stirring/raking processes		5	3	2
		45	25	20
PC1. provide correct nutritional diet to broiler chicks as per the market's standards		8	4	4
PC2. follow the scientific feeding program as per the growth stages of chicks	-	4	2	2
PC3. ensure that feed and water dispenser are placed at a	-			1
	-	_		3
PC5. ensure that litter used in the farm house is dry to	-			1
PC6. isolate young chicks from older chicks if more than one	-			2
PC7. ensure that any dead chick is removed and disposed	-			
company's SOP	-	3	2	1
PC8. vaccinate chicks as per the vaccination schedule	-	10	4	6
PC9. provide special vaccination for disease prevalent in the area after consultation with farm supervisor		4	1	3
PC10. assess the medical requirements of chicks from their day-to-day activity and behaviour	-	7	4	3
PC11. document the preventive medication record as per				2
				<u></u> 1
PC13. ensure final weight, abdominal and carcass fat level			~ ~	'
broiler chickens as per market's standards	60	3	2	1
		60	30	30
PC1. perform visual inspection of farm tools and equipments daily	60	2	2	0
	interval PC5. remove littered bedding material (news paper) and alert chicks periodically PC6. ensure that blade to be used for debeaking is clean, sterilized and adequately hot PC7. cut the upper beak to the necessary extent as directed by supervisor PC8. ensure that no damage is caused to nostrils and other organs during this process PC9. observe the debeaked chicks for behavioural abnormalities PC10. ensure uniform temperature throughout the brooding area PC11. ensure clean and disinfected atmosphere in the brooding area PC12. ensure harmless, soft, fibrous, moisture absorbing suitable litter material PC13. ensure conditions of litter like wet, dry etc. According to weather conditions PC14. ensure hygiene and quantity of litter material along with stirring/raking processes PC2. follow the scientific feeding program as per the growth stages of chicks PC3. ensure that feed and water dispenser are placed at a level accessible to chicks PC4. document the feed record as per company's policy PC5. ensure that any dead chick is removed and disposed off promptly according to regional regulations and company's SOP PC8. vaccinate chicks as per the vaccination schedule PC9. provide special vaccination for disease prevalent in the area after consultation with farm supervisor PC10. assess the medical requirements of chicks from their day-to-day activity and behaviour PC11. document the preventive medication record as per company's policy PC12. ensure final weight, abdominal and carcass fat level and breast yield of farm's broiler chickes as per market's standards PC1. perform visual inspection of farm tools and	interval         PC5. remove littered bedding material (news paper) and alert chicks periodically         PC6. ensure that blade to be used for debeaking is
