2. Brief background of BSDM:

In Bihar a comprehensive and long-term strategy for skill development is being developed by the Government of Bihar. Accordingly, the Bihar Skill Development Mission (BSDM) has been constituted under the chairmanship of the Honorable Chief Minister with the vision to increase the capacity & capability of the system to deliver quality skill training and professional knowledge to the youth to enhance their employability and bridge the skill deficit with a view to meet the growing demand for skilled manpower.

Objectives of the Mission:

1. To facilitate generation of adequate employment opportunities through a policy frame work.
2. To encourage and facilitate skill training for youth of Bihar.
3. To monitor generation of employment in different sectors.
4. To facilitate launching of training programs for both uneducated and educated unemployed persons for up-gradation of their skills.
5. To formulate area and trade specific strategies for maximizing employment opportunities on a sustainable basis in the State supported by private sector.
6. To facilitate a coordinated approach in achieving the above objectives for maximizing the benefits over time and space and in reaching out the most needy sections of the population.
7. Management of skill development agenda of the State of Bihar.

3. Sankalp Scheme:

- 3.1** This initiative will be implemented under “Skill Acquisition and Knowledge Awareness for Livelihood promotion (SANKALP) Program which has been launched by Ministry of Skill Development and Entrepreneurship Development, Government of India through Bihar Skill Development Mission.

3.2 Background

Movement of persons from one State to another is voluminous in India due to various factors like lack of employment opportunities in native place, search for better employment opportunities, search for good health and educational facilities or marriage in case of females. The Inter-state labour mobility averaged 5-6.5 million people between 2001 and 2011, yielding an inter-state migrant population of about 60 million and an inter-district migration as high as 80 million. The Economic Survey of India 2017 estimates that the magnitude of inter-state migration in India was close to 9 million annually between 2011 and 2016, while Census 2011 pegs the total number of internal migrants in the country (accounting for inter- and intra-state movement) at a staggering 139 million. Bihar, along with Uttar Pradesh, is one of the biggest source state.

Within the country, Bihar has a history of large population migrating to other parts of the country/world due to lack of industries and economic opportunities, high unemployment, frequent floods & draught across the state, possibility of enhancing income etc. Bihar being an agrarian state is worst affected by climatic Disaster like heavy flood in some region of north Bihar and draught in south Bihar. These climatic disasters results in lack of agricultural jobs and low industrial growth with large youth base resulting in distress migration in search of job opportunities.

As per NSSO 64th round data, main reason of male out-migration from Bihar is economic or employment related. Around 30.7 per cent of the total out migrants moved to search an employment, as they were not in employment at the place of origin whereas around 23.8 per cent of entire male out-migrants left their place of origin to get a better employment than their previous employment. Moreover, 34.3 per cent of male out-migrants moved when they got an offer of employment or better employment at place of destination. Also as per NSSO data, female out-migration is heavily depending upon either the migration of parent or earning member of the family (61.1 per cent) or marriage (29.1 per cent).

3.3 The Objective

Bihar Skill Development Mission in its pursuit of creating an efficient Skills ecosystem has observed that a perennial challenge being faced is the really low percentage of placement opportunities acceptance and eventual retention in the job in spite of placements being the eventual objective of all domain/core skilling endeavours. On account of the limited availability of employment opportunities in the State of Bihar, a lot of the placement opportunities coming up are outside the state and require the skilled candidates to migrate to various outside state location. As observed a major hindrance in accepting such opportunities or continuing in such opportunities for a substantial period of time is the unwillingness of the candidates to migrate on account of various uncertainty factors such as:

- Social security
- Social acceptance
- Livelihood generation
- Lack of knowledge of the destinations geographical and demographic fabric
- The uncertainty around the possibility of moving families
- The fear of exploitation etc.

Thus a paradoxical situation has arose where the industry complains about there not being enough skilled workforce in spite of job opportunities being abundant whereas on the supply side there is a rampant rise in post skilling unemployment.

Bihar Skill Development Mission (BSDM), Department of Labour Resources, Government of Bihar in order to mitigate such concerns, bolster and facilitate the candidates to make an informed and supported migration, proposes to set-up Migration Counselling cum Registration Centre (MCRCs) to provide migrants from the state of Bihar to other states and districts, counselling services, identity documentation services, accommodation assistance, better job opportunities, post placement support, healthcare services, social/welfare entitlements, banking services, remittance etc. and function for addressing all such sensitive issues of state migrants on time.

The objective of setting up this MCRC is as follows:

1. To guide migrants about accommodation and other logistical issues being faced by job aspirants moving from Bihar to other states
2. To inform migrants about labour laws, social security and entitlement related issues being faced by job aspirants with their respective employers after migrating to destination locations
3. To facilitate migrants in emergency situation and providing remedial support in situations like accidents, casualties etc. at work place through liaison with the local administration of the destination place as well as the Govt. of Bihar.

Though the MCRCs have primarily been envisaged to facilitate the skilled manpower migration but its scope will not be limited to the skilled manpower migration only and will encompass facilitation / support to migrants from all categories of migrants (from Bihar) working age people such as Blue Collared, Grey Collared or even White collared.

3.4 Key Challenges faced by migrants

1. The migrants face a large number of challenges at destination due to unknown region and opportunistic indifference treatment at work place and also denial of critical welfare entitlements.
2. Migrant face lot of issues in establishing their identity in the new cities due to lack of verifiable documents/proof. The lack of verifiable proof of identity bars them from accessing basic facilities such as rental accommodation, health services etc. This in many cases leads to harassment at the hands of authorities.
3. Being new to the cities, migrants suffer from lack of information and struggle to navigate their course in the city. The extended support during the initial period help migrants in settlement in the new environment.

4. Migration destinations are characterized with denial or limited basic services such as shelter, sanitation and access to water. Unsafe working conditions and unhygienic living conditions takes a toll on their health causing occupational health issues.
5. Throughout India internal migration is characterized by poor recruitment practice. Since contractor is involved in most of the recruitment process, migrant worker get less wages/salary. Also due to sharing of half/inadequate information by contractors (or sub-contractors) and poor documentation makes it difficult to fix accountability at work place.
6. Job aspirants placed through recruitment drives/job fairs/placement activities in different skilling intervention do not continue for longer period of time with employers outside Bihar due to cultural shock and initial teething problems during settlements and thus overall conversion ratio from skilled candidates to employed candidates drastically reduces.
7. Migrants limited or lack of access to urban or local labour markets in the destination city restricts their ability to find suitable jobs in case of loss of job or need for growth in career and income. Moreover, the informal economy thrives on the inability of migrant workers to demand decent work conditions or find other jobs.
8. Personal and professional growth of migrants over a period of time is negatively affected due to their inability to identify or obtain skill up-gradation and thus becomes redundant in the market place. This leads to stagnation in career progression and in many cases further leads to return to native place.
9. Their access to banking and financial services is compromised as they are unable to produce the required proof of identity and residence at a new location.
10. Migrants lose access to basic welfare entitlements such as subsidized food (PDS), health benefits etc. with a change in location. In families moving as a unit, children suffer most as their access to education and basic healthcare is severely affected.
11. The educational standards of most of the migrants are low and earn subsistence wages. As a result they are prone to payment frauds and abuse.
12. They are engaged in risky, hazardous occupations but rarely have access to welfare benefits such as insurance or pension.
13. Several migrants enter the labour market at an early age (due distress migration) with limited education and Skills. Hard manual labour for 12-14 hours a day coupled with lack of access to welfare entitlements such as health benefits, subsidized foods etc.
14. Families of migrants which are left-behind faces lot of issues and has to struggle in terms of increased workload and lack of knowledge about government schemes to list a few.
15. The migrant face extreme hardship during transit between the source & destination. There are countless instances of Bihari migrants facing harassment & exploitation at railway stations, where they queue up for space in the general compartments, travel at the mercy of railway officials/police and are robbed of their hard earning while returning home specially during festivals.

3.5 Role of Migration Counselling cum Registration Centre (MCRCs)

Migration Counselling cum Registration Centre (MCRC) is envisaged as a walk-in resource centre for migrants from Bihar to guide/inform/facilitate/address the challenges being faced by intra and inter-state migrants in Bihar by rendering crucial support services. This would also assist the candidates trained under Bihar Skill Development Mission (BSDM) and looking for jobs in various cities & districts in India and also up-Skilling of migrant (from unskilled migrants to skilled migrants) in tune with requirements of the destination economies so that they (migrants) are better equipped with market-relevant skill with improved opportunities and decent employment at relatively higher wage/remuneration.

4. Key Tasks & Responsibilities of Project Management Consultant

Establishment, Operation and Maintenance of MCRC set up in and outside Bihar by BSDM.

5. Scope of Work will be as below but not limited to -

5.1 Scope of the Assignment

- **Post placement counselling & support Services-** objective is to create a supporting environment for the migrant by providing information and services helping them settle in a new geographical location. Also provide information on appropriate link-up services for identity establishment, convenient housing, social & welfare entitlements, financial services, healthcare and other utility services etc.
- **Follow-up intervention visits-** MCRC service provider shall do follow-up intervention on the counselling done to ensure migrant's concern/issues are resolved.
- **Skill up-gradation-** provide information and enablement for up-skilling and education opportunities.
- **Organizing Workshop and Awareness Events-** MCRC service provider shall organize preventive health workshops and awareness events on first Aid methods, Cleanliness and hygiene, family planning and birth control, prevention of HIV/AIDS etc. Also to facilitate access to ESIC and enrolment in Government based health insurance services.
- MCRC to provide inter-department or inter-institution liaison support as needed.
- MCRC service provider to coordinate with concerned Government Department, public/private companies etc. and support migrants in case of exigencies and work disputes.

- MCRC service provider to collect and share information on migration trends and skill set required in tune with the destination economies/market.
- MCRC details like address, contact person name etc. must be displayed at prominent locations like railway station, bus stand in cities of MCRC location and other locations deemed suitable to the bidder or as directed/advised by BSDM.
- MCRC service provider shall undertake qualitative research amongst candidates and employers as follow-up to Post- Placement tracking.
- MCRC service provider to organize **Community building/recreational/solidarity activities** like Sporting events, celebrating festivals etc. atleast 4 such events in a year.

5.1.2 Physical Infrastructure

The MCRC should be conveniently located where it is easy for migrants to reach preferably close to public spot like Railway station/ main inter-city bus stand etc., which act as the main disembarkation point for trains/buses plying from Bihar. The overall space for the MCRC shall be minimum 1500 sq. ft. The major elements of the infrastructure (suggestive) are as follows-

21. Deliverables by the Project Management Consultant

21.1 Deliverables by the Project Management Consultant

The Project Management Consultant shall complete the MCRC wise deployment of the entire work force within 60 days of the contract signing.

21.2 The Program Manager of the MCRCs shall take a holistic view of all the tasks to be performed as mentioned in Key tasks & responsibilities and Scope of work. The Program Manager in consultation with the BSDM shall assign tasks/role as mentioned in Proposed Manpower & staffing to individual resource persons. The Tasks assigned shall be described in details and the deliverables of the tasks shall also be defined. The time frame for assigned tasks to each individual consultant shall also be defined. The BSDM shall in consultation with the Program manager will design a performance report form to be filled by every resource provided by the Project Management Consultant at the end of every month. The performance report shall indicate the tasks assigned to the resource on the basis of the tasks identified for every resource as per above role and responsibility and the achievement of the person against the tasks assigned.

21.3 BSDM shall carry out a review of the performance of each resource and each MCRC every quarter and also on annual basis. BSDM shall have the right to recommend replacement of the services of a resource person based on the performance review and shall direct the Project Management Consultant to replace the resource. The resource shall be replaced within 45 days of such recommendation. The replaced resource person shall have the same or higher qualification than that mentioned in para 25. BSDM may also request the Project Management Consultant to replace a resource with a notice of 45 days if the monthly progress report of the resource is not found satisfactory. Failure to replace the resource person under these circumstances shall lead to an imposition of penalty equivalent to 30% of the remuneration payable to the resource for the period the resource is not made available. Failure to provide resources as per para 25 beyond a period of 90 days may also lead to the termination of this contract.
